## OTHER INFORMATION

---

Minimum contract period 12 months.

---

Early termination fee If your Fibre broadband service (UFB) is disconnected within your contract period you will incur an early termination fee of \$250.

---

Notice period You must give us at least 30 days' notice before cancelling.

---

Other requirements The Orcon Fibre with Voiceline connection does require you to have your landline and toll calling with Orcon.

---

Traffic management Our policy is to provide our customers with the best possible internet experience.

To achieve this, we provision enough bandwidth to avoid congestion of any service at a typical peak hour. Orcon will only prioritise your traffic temporarily to improve performance during an unexpected outage, such as a denial of service attack.

---

Fair Use Orcon does not enforce a fair use policy.

---

Effects on other services Your Fibre broadband service (UFB) requires mains power to operate. If power is not available (e.g. during an outage), your broadband, and any services which run over it, may stop working unless you have battery backup at your premise. Your phone line will also stop working if there is a problem with your broadband service. This would prevent you from using it to make calls to emergency services. You should check with the provider of any existing essential services such as security alarms, medical alarms and EFTPOS to make sure they will operate with our service.
