OTHER INFORMATION

Minimum contract period 12 months

Early termination fee If your Fibre broadband service (UFB) is disconnected within your contract period you will incur an early termination fee of \$250.

Notice period You must give us at least 30 days' notice before cancelling.

Other requirements You will also need to use a broadband router with your Fibre service. All Orcon devices are rented and must be returned should you cancel your service.

Traffic management Our policy is to provide our customers with the best possible internet experience.

To achieve this, we provision enough bandwidth to avoid congestion of any service at a typical peak hour. Orcon will only prioritise your traffic temporarily to improve performance during an unexpected outage, such as a denial of service attack.

Fair Use Orcon does not enforce a fair use policy.

Effects on other services Naked Fibre broadband is broadband without a phone line. By selecting this plan you will lose your number attached to this broadband connection. Services like analogue monitored alarms, SKY TV (pay for view), medial alarm, EFTPOS or a fax machine will be affected when this phone line is disconnected. If you need these services then Naked broadband is not for you.

Optional charges Naked broadband does not have a landline, so there are no calling or feature charges.

Additional services available on Naked Broadband

- Static IP \$10/month
- 4G backup \$15 per month
- Priority support \$15 per month
- Wi-Fi Pro from \$10 per month for premises greater than 120 square meters
- Family Filter only an extra \$5 per month

A one-off router courier charge of \$14.95 applies. If we have provided a leased Google Nest Router as your primary router, you will be charged \$150 if this router is not returned, to recover the cost of this device.
